BRAS Breast Thermography of Middle TN uses a Medi-Therm Digital Infrared Thermal Imaging camera to provide a 15 minute non-invasive test of physiology. DITI detects the minute physiologic changes that accompany breast pathology.

I understand that BRAS Breast Thermography of Middle TN does not provide a medical diagnosis, but simply acts as the clinical Thermographer-transmitting digital pictures to EMI, a medical digital infrared thermal imaging service. An M.D. will interpret the images and return the images to BRAS. This evaluation may suggest further medical testing. If further testing is suggested I will consult my physician or health care provider. A doctor to doctor consultation can be arranged between Medi-Therm and your doctor if necessary.

I give my permission for the Clinical Thermographer at BRAS to take and submit DITI pictures for interpretation. I understand that by doing so, the Clinical Thermographer is not becoming my primary care physician. I understand that two sets of thermography pictures will be mailed to me so that I can share one with my health care practitioner or primary care doctor.

Cancellation and Reschedule Policy

- We understand that life happens and sometimes you are unable to keep your scheduled appointment. In these instances, we would greatly appreciate your courtesy call at least 24 hours in advance of your appointment time, so that we can plan accordingly. This consideration allows other patients an opportunity to reserve an appointment during that time. Because of the distance that we often travel to provide service to our remote clinics, your advance notice also assures that we plan our staffing and materials requirements properly.
- If you do not appear for your scheduled appointment and you have not contacted us via phone (as we do not accept cancellations by email), we reserve the right to charge a \$50 cancellation fee.
- If you are running late for your appointment, please call us. We will do our best to accommodate you or reschedule your appointment.

We are dedicated to making your screening appointments as easy and convenient as possible. We thank you for your understanding of this important issue.
